Issue 95

WESTERN ILLINOIS UNIVERSITY RE-NEWS CONTRACT TO PURCHASE GAS FROM IMGA

Established in 1899, Western Illinois Normal and Training School opened its doors Sept. 23, 1902 to 229 students. Throughout the years, Western Illinois grew and its name changed from Western Illinois State College to Western Illinois University on July 5, 1957.

Today, Western Illinois University offers a variety of bachelor's and master's degree programs, pre-professional programs, a doctorate degree in education, and certificate programs to more than 12,200 students.

Western Illinois University and IMGA recently renewed a gas supply agreement through 2020. The agency is pleased to continue our relationship with Western Illinois University.

OQ Training Sessions to Resume

IMGA is pleased to announce that the OQ training program will be starting up again in December. This training season courses will be offered on Leak Investigation, Corrosion Control, and Damage Prevention

All courses will be offered in two locations, one in Franklin, Illinois: Leak Investigation, December, 2017; Corrosion Control, January, 2018 and Damage Prevention, March, 2018; and one in Pinckneyville, Illinois: Leak Investigation, December, 2018; Corrosion Control, February, 2018 and Damage Prevention, March, 2018. Thus, making a day trip convenient for all.

All sessions will continue to have a classroom component as well as hands on experience.

Reminder for our Illinois members that the IML is coming up next week.

Check us out on Facebook. Go to Facebook search and type in Nat Gas. It should bring up Nat Gas, Interstate Municipal Gas Agency. Hope to see your friend request on our site.

Also, check out our newly updated website:
www.IMGA.org.

PUBLIC NATURAL GAS WEEK OCT. 1-7, 2017

Just a reminder that Public Natural Gas Week is coming up. You can find materials and resources at www.apga.org/PNGW to help you promote natural gas in your community.

Public Natural Gas Week (PNGW) is a nationwide observance that offers the perfect opportunity for you to showcase your natural gas system and generate enthusiasm about the benefits of public natural gas.

IMGA is providing Winter Operations Packets to all of our purchasing members.

Packets will be mailed in the middle of October and will include a winter weather forecast, NYMEX settlement price graph, your

community's annual usage graph, your percentage of fixed winter volumes graph, and your winter risk management price graph.

We hope you will find this information useful when you are planning for the upcoming winter.
